[i] Nutro Products, Inc. is currently storing inventoried product in both palletized and non-palletized form. Nutro will carry out this retrieval plan for all of its palletized product. In addition, for SKU dates for which the palletized product in Nutro's possession does not total 500 units, Nutro will retain all available units from its inventoried, non-palletized product.

[ii] Nutro is to retain the number of cases listed in the "SelectCasesPerPallet" column, or the greatest number of units available, if the number of cases listed exceeds the total number of units in Nutro's possession.
